#### Automaton AI infosystem Pvt Ltd, Pune

Currently working as a Software Developer Intern at Automaton AI Infosystem Pvt Ltd, where I'm progressing in React.js, Node.js, and expanding knowledge in Python and AI-related coursework.

## EDUCATION

### Bachelor of Technology in Computer Science Engineering | Jul 2019 - Jun 2023

#### Kurukshetra University, Yamunanagar

## INTERSHIPS

### Data science intern | Jul 2022 - Aug 2022

#### Automaton AI infosystem pvt ltd, Pune

## Projects

### Calculator App

Compact calculator app developed using HTML, CSS, and JavaScript. Intuitive user interface with responsive design for seamless use on various devices. Incorporates essential mathematical functions for efficient calculations. A lightweight and user-friendly solution crafted to enhance computational convenience.

### Personal Portfolio

Dynamic personal portfolio showcasing my skills and projects, crafted with HTML, CSS, and JavaScript. Responsive design ensures optimal viewing across devices. Interactive elements highlight key achievements and provide a glimpse into my coding expertise. An aesthetically pleasing and functional representation of my professional journey in the world of web development.

### Sign Up Page

Efficient and secure Sign Up page developed using React.js. Seamlessly captures user information with a clean and intuitive interface. Leverages React's component-based architecture for enhanced scalability and maintainability. Ensures a smooth and responsive sign-up experience, embodying modern web development practices.
